

With the exception of the nylon net and Parachute nylon (PNH) hammocks, our hammocks are 100% cotton. The colors are vibrant and firm, they will not bleed as factory dyed cotton threads are used in the production of these hammocks. **Width / Length of the hammocks refers to the cloth body, just the cloth part, not including the fringes, end supports or the end ropes.**

Width: 130 cm
Capacity: 100 kg

Length: 220 cm
Weight: 400 g

PNH – Parachute Nylon Hammock. This lightweight nylon hammock is compact, light and affordable. You will be surprised at how much comfort there really is in a thing so small.

Since the parachute hammock is made of nylon there is no danger of mold damage if it gets wet. The colors will not fade. You can literally take it anywhere. It conveniently packs into a small sack and is always ready to go. The PNH is great for camping, biking, hiking, hunting, going to the beach or general purpose.

Width: 130 cm
Capacity: 90 kg

Length: 230 cm
Weight: 1.1 kg

BSH – Basic Single Hammock. Colourful lengthwise striped or checked pattern, the BSH is ideal for camping, and general use. It holds only one person both because of its dimensions and its strength, and for this reason is the lowest-cost hammock, vibrant.

Width: 140 cm
Capacity: 150 kg

Length: 240 cm
Weight: 1.6 kg

SSH – Strong Single Hammock. Two styles are available, either the Spring (which has brightly coloured wide stripes and a double-band end support and a simple fringe) or the Brazil (which is a bit longer, has narrower stripes dominated by green and/or yellow, and a special Baiha weave end support and no fringe). This hammock is longer and a bit wider than the BSH, more comfortable and more durable. In spite of being categorized as a “single”, it is capable of supporting two adults.

Width: 130 cm
Capacity: 110 kg

Overall Length: 390 cm
Weight: 2.5 kg (5.5 lbs)

BUCC – Buccaneer Hammock. This is great hammock for the "reckless adventurer", and this design features unbleached natural cotton, an embedded spreader bar, great support capacity, and a white carrying case (bag) for convenient transport.

Width: 150 cm
Capacity: 200 kg

Length: 240 cm
Weight: 2.1 kg

BDH – Basic Double Hammock. With a double braided end support the basic doubles come in three styles, checked, pastel or reversible. All feature natural unbleached cotton woven in with one other colour either in a checked pattern or an offset reversible pattern. The weave on the

BDH is loose but thick, providing a comfortable fit that hugs the body.

Width: 150 cm **Overall Length: 3.5 m (11'8")**
Capacity: 200 kg (440 lbs)

SNST – SunSet Hammock. The SunSet is strong and of colorful design featuring relaxing autumn colors, an embedded spreader bar, great support capacity, and a matching carrying case (bag)

made from the same material. One of the things that make this hammock such a good choice are the hand-woven details put into the double-band end supports. This increases the artistic value as well as its strength.

Width: 150 cm
Capacity: 200 kg

Length: 240 cm
Weight: 2.1 kg

SDH – Special Double Hammock. The “Miss Ceará” is a beautiful hammock available only in natural. It is the same dimensions and capacity as the BDH, and has a ribbed pattern width ways along the hammock. It also has a beautiful crochet fringe.

Width: 155 cm
Capacity: 240 kg

Length: 255 cm
Weight: 2.6 kg

IDH – Intricate Double Hammock. The IDH is available in natural / solid color or in natural with a painted pattern (a beach scene, permanent fabric paint that does not wash out) on one side. The colours available for IDH are navy, burgundy, and

green or natural white. The fringe is knit, crochet or an intricate 3-D lace diamond pattern. The end supports are double banded braid support, strong and attractive.

Width: 160 cm
Capacity: 240 kg

Length: 265 cm
Weight: 2.8 kg

LDH – Leopard Double Hammock. The LDH is long, wide and comfortable. The weave is natural white interlaced with one of a variety of alternate colours (forest green, navy blue, light green, light blue, burgundy, black and natural white). The weave

is looser so this hammock is really body conforming for extreme comfort. The fringe on the LDH is crochet, making it one of the more attractive hammocks we have.

Width: 155 cm
Capacity: 250 kg

Length: 250 cm
Weight: 2.6 kg

EXH – Executive Hammock. This hammock is large and comfortable with an intricate hand-embroidered design spanning one side of the hammock. The fabric of the hammock features a heavy honeycomb weave and is sure to be the family hammock for decades. The single End-Support Ceará gives as much

(EXH cont'd) beauty as strength to the hammock. The fringes are the 3-D diamond pattern. Since each hammock is in individual work of art, the pattern and colour combination is rarely exactly the same as photographed.

Width: 155 cm
Capacity: 250 kg

Length: 250 cm
Weight: 2.6 kg

ELH – Elite Hammock, tarrafa. This is a finely hand-woven hammock that does not use a machine in any stage of the production. The thread is woven together in a delicate pattern and the fringe is a standard crochet with tassels. The hammock features a tightly braided end support for extra strength. The

tarrafa is one of the most comfortable and beautiful hammocks that we have, and is available only in natural unbleached white.

Capacity: 140 kg Weight: 2.1 kg

NCH – Net Chair Hammock. The Net Chair is a strong chord chair hammock, available in natural unbleached cotton. It comes with a beautiful lateral wood support and connecting ropes. It is the perfect economical solution for a hammock where space is limited. The net chair is long lasting and comfortable.

Capacity: 150 kg Weight: 2.1 kg

BCH – Basic Chair Hammock. The Basic Chair is an excellent choice for a when there is limited space. It easily hangs from a beam or lower branch. Available in natural or colour (navy blue, green, yellow, and burgundy). It comes with the lateral wood support and connecting ropes. The chair is very strong and perfect for a relaxing afternoon curled up with a book.

Capacity: 200 kg Weight: 1.5 kg
Overall Length: 4 m

NTH – Net Hammock. The net is cool, comfortable and conforms to the body better than most hammocks. Available only in natural colour, the cotton ropes ensure long-lasting comfort. The NTH is great for camping, outdoors and any situation requiring portability AND comfort.

Capacity: 250 kg Weight: 2 kg
Overall Length: 4 m

NNH – Nylon Net Hammock. The Nylon Net (rope) is a strong and completely weather-resistant hammock made from 100% nylon. The cords have been selected to provide a soft, comfortable experience. The hammock is 90 strands wide, providing more strength. Available in green, blue, white, and yellow.

ACCESSORIES

Capacity: 170 kg Weight: 25 kg
Overall length: 5 m Height: 1.8 m

The **HSTD – Hammock Stand.** This hard-wood stand is a high quality support imported from Brazil. The hardwood is sealed to keep the moisture in, and is capable of supporting up to 170 kg. It comes is easily and intuitively assembled.

Length: 1.2 m (4 ½ feet)

SPDR – The Spreader Bar. The spreader bar can be used on a rope hammock just as easily as on a single or a double. Since it is removable, it allows your hammock to be even more portable. Using a hammock without the spreader bar also gives you a much more comfortable sleep, if you are going to be in it for extended periods.

SCHK – The Screw Hook. The Screw Hook is a supremely strong iron hook that can be screwed into a tree trunk or stronger branch (without harming it), or into any heavy wooden structure (2X4 wall-stud). This hook is strong enough to support a fully loaded Executive Hammock, up to 250 kg (550 lbs).

EXT – The Powerful Extension. This Powerful Extension is made of ultra light-weight polyester and nylon. It is totally weather resistant, perfect for any situation, easily adjustable to 3 different lengths, and can withstand up to 880 lbs.
