All hammocks that we import are made in North-East Brazil from 100% cotton or 100% nylon. The fabric sheet of the hammocks are made in looms (electric or manual), and the edging, fringes, ropes, ends and all other details are done by hand. For closer looks at the hammocks, please see our website ([www.tropicalimports.ca](http://www.tropicalimports.ca))! *\*\*Spreader bars are available as an option on most hammocks!*

The hammock features an extended twisted braid end support for extra strength. The tarrafa is one of the most comfortable and beautiful hammocks that we have, and is available only in natural unbleached white.
