All hammocks that we import are made in North-East Brazil from 100% cotton or 100% nylon. The fabric sheet of the hammocks are made in looms (electric or manual), and the edging, fringes, ropes, ends and all other details are done by hand. For closer looks at the hammocks, please see our website ([www.tropicalimports.ca](http://www.tropicalimports.ca))! *\*\*Spreader bars are available as an option on most hammocks!*

This **Powerful Extension** is made of ultra light-weight polyester and nylon. It is totally weather resistant, perfect for any situation, easily adjustable to 3 different lengths, and can withstand up to 880 lbs.

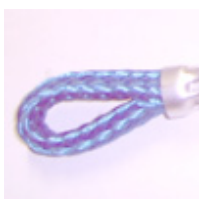

The EXT is primarily used to increase the length of the hammock (or height of a chair) to fit into wider and higher spaces, greatly increasing the number of places in which they can be used.

The EXT is available in Gold, Blue, Green, Red, White and Yellow.
