All hammocks that we import are made in North-East Brazil from 100% cotton or 100% nylon. The fabric sheet of the hammocks are made in looms (electric or manual), and the edging, fringes, ropes, ends and all other details are done by hand. For closer looks at the hammocks, please see our website ([www.tropicalimports.ca](http://www.tropicalimports.ca))! *\*\*Spreader bars are available as an option on most hammocks!*

## HSTDu – Universal Hammock Stand

### HSTDu: Universal Hammock Stand

| <b><u>Details:</u></b> | <b><i>metric</i></b> | <b><i>standard</i></b> |
|------------------------|----------------------|------------------------|
| <b>Wt. Capacity:</b>   | 135 kg               | 297.7 lbs              |
| <b>Overall length:</b> | 400 cm               | 157.5 in               |
| <b>Body Length:</b>    | -                    | 0.0 in                 |
| <b>Body Width:</b>     | 150 cm               | 59.1 in                |
| <b>Ship Weight:</b>    | 18.0 kg              | 39.7 lbs               |

This Hammock Stand is made of hollow iron tubes, painted with an attractive white Powder Coated Kiln Dried paint.

It is called “Universal” because it is specifically designed to accommodate both a typically American style of hammock (with spreader bars) as well as a typically Brazilian/Mexican style (without spreader bars). Longer hammocks safely wrap over the “U” bracket on the end and latch onto the half-hook on the tube for a completely adjustable hanging length.

A hanging chain and an extension rope are included in the package.
